THE ADVANCE IS ON

Allied Troops Begin the March to the Chinese Capital.

THREE IN THE MOVE.

Americans, British and Japanese Troops Vie With Each Other in This Undertaking—Chaffee Instructed to Go to Pekin.

London, Aug. 1.—The allies began to advance from Tien Tsin this morning, according to a bulletin from Shanghai. It is assumed the Americans, British and Japanese are taking part in this forward movement, whether other nationalities are or not. The advance base probably will be established 20 or 30 miles nearer Pekin and supplies will be assembled preparatory for a direct stroke at the capital. Of the 60,000 allies debarked at Pe Chi Li ports English military observers consider 30,000 are available for the advance beyond Tien Tsin.

The Chinese forces, according to the vague gatherings of the allies intelligence officers up to July 27, were disposed in a great arch 30 miles long and distant 10 or 15 miles. The numbers and exact location of the several divisions are utterly unknown.

Pei Ho river is blockaded by sunken stone laden junks for 20 miles beyond Tien Tsin and farther up, according to Chinese spies of the allies, a great dam has been constructed for the purpose of flooding the lowlands lying in the expanse country. The first engagement of the relief expedition probably will be at Pei Tang, where the viceroy of Yulu will personally command.

Some information was brought to Tien Tsin on July 25, by a Chinese missionary student, who was sent to the British legation at Pekin. He was unable to deliver the message intrusted to him and left Pekin July 18. He saw a few troops between Pekin and Yang Tsun. No works had been constructed. Food in Pekin was scarce and the city will be quite unable to endure the siege.

Shanghai telegrams of this date say the foreign consuls met Monday and decided to invite Admiral Seymour to take command of the Shanghai defenses.

United States Consul General Goodnow and French Consul General M. de Bezaure, on behalf of the consuls visited Admiral Seymour and he promised to draw up plans and submit them to the council of officers. The Shanghai municipal council objected to the consular action.

British Second infantry brigade has been ordered to debark at Hong Kong to form a flying column to serve anywhere in China.

Two more transports with Indian troops on board are due to arrive here.

Custom officers at Canton have seized a Chinese junk which had 2000 rifles and much ammunition on board.

WILL NOT BE LEFT.

Japanese and British Do Not Propose to Be Behind in Advancement.

Tien Tsin, July 26, via Shanghai, Aug. 1.—The American commander has received orders from Washington not to delay the advance on Pekin. He also was informed that heavy reinforcements were en route.

Great activity is noticeable at the Japanese headquarters. Present preparations are being hurried. It is extremely unlikely that either the Japanese or British intend to be left behind the Americans, though British preparations are far from completeness. The Japanese organization on the other hand excites the admiration of all.

The total strength of these allies here is 17,000. Reinforcements are arriving daily.

JEALOUSY TOO GREAT.

The Foreign Forces at Tien Tsin Need a Leader of Affairs.

New York, Aug. 1.—Despite the perilous situation in Pekin no active move is being made by the military forces here and this causes strong feeling among the citizens, says a Herald dispatch from Tien Tsin:

The foreign forces are occupied with international jealousies. They lack one head to take the direction of affairs. The officers are giving garden parties, while 90 miles away their countrymen are in danger of massacre. They exaggerate the difficulties of the advance to Pekin instead of actively overcoming them.

A rapid advance after the taking of Tien Tsin would have found the Chinese demoralized and ready to surrender. Pekin could then have been easily relieved. Time has now been afforded them for recuperation.

More than 20,000 men are doing nothing in Tien Tsin. The officers say that 40,000 troops are necessary in order to hold the little line of communication and that it will be no use starting unless they can push through. They say that the great plains on the way to Pekin have been artificially flooded by the boxers, that the roads are impassable for transportation and that they must wait for river transportation, a large amount of which is necessary for the wounded who cannot be left behind on account of the barbarous character of the enemy.

Two views are held here about the recent news of Viceroy Yuan Shih Kai respecting the safety of the ministers in Pekin.

The first is this: The fact that Yuan said: "My emperor has issued a decree that the ministers are safe," indicates that the Chinese government is reestablished in Pekin and that Kwang Hsu is again in power. This means the rapid extinction of the war party. Then the ministers now held there will buy a cheap peace from the powers.

The second view is that if the ministers are safe under the protection of the Chinese government the first act of the latter would be to forward the ministers messages instead of vicarious information about their safety.

Recent code dispatches, which come undated, contradict the Chinese reports regarding the protection given. These messages are merely a means to hoodwink the foreigners into inaction while Pekin is being evacuated and all the treasure removed.

A curious question is how Yuan Shih Kai, a rebel, who has refused to obey the order to take his troops to Pekin, can have constant communication with the capital.

POWERS' TESTIMONY.

He Admits Governor Taylor Was With Him in Organizing Mountain Men.

Georgetown, Ky., Aug. 1.—Defendant Caleb Powers resumed the stand at 9 o'clock this morning this being his third day in the witness box. He was subjected to rigid crossexamination regarding organization of the mountaineer army. He said Governor Taylor and himself were primary spirits in getting it up. Military companies were brought along he said because of having some discipline to be controlled and moreover they were already armed. The witness said he had urged Governor Taylor while the contest board was sitting to call out the militia companies and send the bulk of other mountain people home and had secured a partial promise of the governor to do it. This was done in order that they might hold possesion of the state offices till the supreme court of the United States passed on the merits of the case.

Weaver Arrested.

Georgetown, Ky., Aug. 1.—G. F. Weaver, the witness who claimed to hail from Colorado and who asserted he saw a gun barrel pointing from the office of secretary of state at the time of the Goebel assassination, has been arrested on a warrant charging him with perjury. The warrant was sworn out by the prosecuting attorneys for the defense in the Powers case who say they have found out Weaver was not only not in Frankfort the day of the assassination, but never was there till last Saturday night.

New Ambassador to Italy.

Washington, Aug. 1.—Former Governor of Mussachusetts, Roger Wolcott, to whom the position of United States

Republican Executive Committee.

San Antonio, Aug. 1.—The state Republican executive committee meeting was called to order in this city at noon by Chairman Green. The Republicans will probably hold their state convention at Fort Worth. Chairman Green says it has been virtually promised to that city.

AMERICANS IN PEKIN.

A Message from There States That Only Few Are Dead.

LEGATION IS INTACT.

Fighting Had Ceased When the Message Was Sent, but the Outlook Still Gloomy and Urged Relief to Make Haste.

Washington, Aug. 1.—The official confirmation of the news that Minister Conger is safe and well, coupled with the statement that he has provisions for several weeks and that the firing on the legation has ceased, was welcome intelligence, though not unexpected in view of recent news. It is expected now that the energies of the government as well as those of other nations will be concentrated for an advance on Pekin. Several of the latest reports which have come from China seem to indicate that this will occur in a day or two. The officials here, however, do not look for so early an advance if the allied commanders adhere to their original estimate of 60,000 men as necessary for the compaign, as the latest reports received here do not show half that number on the ground. Still another report indicating the possibility of the advance being made by the British and American armies have come and our officers in China have a free hand in any military movement.

The proportion of men of the Ninth infantry, reported by Colonel Dagegtt as sick is considered an alarming and unfortunate feature of the situation. Officials are unable to account for it, but agree that it may delay immediate movement forward.

The delays in unloading the transports also are discouraging and vexations. Surgeon General Sternberg already had given public notice that 100 contract surgeon, are wanted for service in the east, but it will be some time before they can be got ready for active work.

The message concerning Conger was received by Mr. Corbin from Colonel Daggett at Tien Tsin and reads:

"Tien Tsin, July 27.—A message just received from Conger says since July 16 by agreement no firing. Have provisions several weeks, little ammunition, all safe, well."

Another dispatch from Daggett is as follows:

"Tien Tsin, July 30.—Flintsh arrived July 27. Two hundred and fifty-seven of the Ninth infantry sick. Ten doctors, 100 hospital corps and 20 signal men. Unavoidable delay in unloading troops. Foreign troops arriving."

Adjutant General Corbin has received a dispatch from Lieutenant Colonel Coolidge, commanding the Ninth infantry at Tien Tsin. It came by way of Che Foo, and is as follows:

"Tien Tsin, July 27.—Following letter of Lieutenant Colonel Sheba, military attache at the legation of Pekin, dated July 23 arrived at Tien Tsin July 25 at 5 o'clock in the evening:

"'Pekin, July 22.—Evening.—We are all awaiting impatiently arrival of reinforcements. When are you coming? All legations have been blocked since 13th of last month and since the 20th we have been attacked continually night and day by the Chinese soldiers from more than ten encampments. By supreme effort we are still defending. We are daily awaiting with the greatest anxiety arrival of reinforcing army and if you can't reach here in less than a week it is probable that we will be unable to hold out longer. Emperor and empress dowager appear to be still at Pekin. Were our reinforcements to arrive very probable that they would flee to Wan Shoshan. Killed and wounded up to date 8 killed, one a captain of infantry and ambassador's attache; 7 seriously wounded, the first secretary of legation being one of 20 slightly wounded. The number of Europeans killed is 60 in all.'"

Cipher Messages Don't Go.

Copyrighted, 1900, by the Associated Press.

Che Foo, Aug. 1.—The governor of Shan Tung has telegraphed United States Consul Fowler that the tsung li yamen directs him to notify the consuls that "as the military operations at Pekin and Tien Tsin are unsettled" only in plain language, without cipher or reference to military affairs will be delivered to the ministers. The governor says the rebels occupy Pao Ting Fu and Consul Fowler fears that the missionaries there have been murdered.

BUCKET SHOPS RAIDED.

Chicago Police Take in Four Hundred Persons Whom They Found There.

Chicago, Aug. 1.—Nearly 400 persons, many of whom had never been inside a police station before, were captured in a wholesale raid in a bucket shop Tuesday and carted off to the police stations. A dozen firms, prominently connected with the Board of Trade, were visited by the police during the raid, and hardly a person in all the rooms succeeded in escaping. The raid, conducted at the busiest hours of the day on 'change, created considerable excitement and resulted in the floor of the Board of Trade being practically abandoned for the time being, while the traders watched with interest the police as they gathered in their prisoners from the adjacent buildings.

One of the prisoners, whose name was not learned, attempted to end his life rather than face the humiliation of arrest. Making his way to a labratory he tried to strangle himself with a towel, but was caught before he had seriously injured himself and bundled into the patrol wagon. A panic ensued in Wirshing's rooms when the police appeared, and several persons were tramped upon in the mad rush to escape.

Chief of Police Kipling said that the action by the police was the beginning of a series of raids, which, he said, would continue until every alleged bucketshop in Chicago was driven out of existence.

The places closed by the police included the following: John Dickinson & Co., E. A. Wirshing & Co., Chicago Commission company, N. M. Nuslin, Hotchkiss & Co.

In every instance the telephone and ticker wires were cut and the service rendered useless. The books and paraphernalia were also taken possession of by the police.

Roy, 13 years old, in company with a farm hand was returning from the farm in a wagon drawn by a pair of mules. The hired man got down to open a gate, while Roy remained on the wagon. The child had the lines around his body. The mules became frightened, ran against a post of a gate, knocking a wheel off, throwing the child out. The lives held and he was dragged 200 yards and into a pile of lumber, crushing the back of his head. He lived about 25 minutes.

Rosenberg, Tex., Aug. 1.—While the Southern Pacific eastbound train was standing at the depot, a shooting affray occurred between Jim Coleman and Walter Reese and some parties on the Southern Pacific train. Coleman was shot in the arm, leg and through the back. The doctor thinks he is fatally wounded. Reese was shot in the hip. Two passengers were injured. Between twelve and fifteen shoss were exchanged. Coleman and Reese were formerly from Columbus, Tex., but are residing here for the present.

CONCESSION TAKEN AWAY.

Nicaragua Takes Possession of the Maratime Canal Company's Property.

Managua, Aug. 1.—The government of Nicaragua has taken possession of the property of the Maratime Canal company, and removed the company's cars, rails and property to the interior from Greytown under article 54 of the concession.

Expected Such Action.

New York, Aug 1. — This was the date set for the assembling of the Nicaraguan congress in regular session. One subject to come up was the confirmation of the decision of the courts and an official declaration of the minister of public works, that the time granted to the Maritime Canal company of Nicaragua, whose headquarters are in New York, in which to construct an inter-Oceanic ship canal across Nicaragua, had expired and concession of that company null and void. It is probable that the seizure of the company's property has been made in conformity with the decision and declaration above mentioned, possibly reinforced by congressional action.

The Nicaraguan congress is expected to take action with reference to the acquisition by the government of the United States of a belt of territory 10 or 15 miles wide across Nicaragua, embracing an approved route on which it is to construct an interoceanic ship canal This congress may also intimate its desire to have the canal fortified or not in event the government of the United States approaches the government of Nicaragua on constructions by United States of the canal.

HARVEY.

Harvey, July 30.—We had several refreshing showers of rain.

Dr. Jones has been sick the past week, but is reported better, he will leave this week for West Texas.

Mr. Morgan and F Ethridge, returned last week; they left a few weeks ago with several families prospecting.

Our community was made to grieve last week by the loss of our Brother T. Davis. He has been a useful member of the Baptist church, a faithful Sunday school supentendant for years, a kind neighbor and much esteemed by the community at large. He was a faithful veteran of the war in some of the battles he lost one of his arms. We can never fill his place as he did, he has been suffering for 6 months or more from a tumor of the stomach. We feel that he is at rest, may his life lead others to follow after him. Mr. Davis leaves a wife, seven children and a host of friends to mourn his death. We extend our heartfelt sympathies to all bereaved ones.

The meeting at Bethel closed Sunday night, after two weeks services.

Mr. Weedon, Misses Fannie McClung, Evie Goen, Messrs Charlie Jones family, H. O. Furguson, Devalsion Buchanan, John Jones, and others are sick.

The little babe of Mr. and Mrs. Rush fell out the door last Wednesday and cut some ugly gashes in its face, and afterwards took congestion and had convulsions.

We had many visitors here from different parts of the county Sunday.

The choir was urged to get the song book "Bells of Heaven," but as yet they have not.

Rev. McClung and son W. S. McClung will return from Bell county Tuesday. Lorena.

BRESCI DEFIANT.

He Says Killed King Humbert and Would Do So Again.

Rome, Aug. 1.—King Victor Emanuel III and Queen Helena arrived here early this morning and proceeded at once for Monza. The ministers met their majesties at the railway station.

In the course of his examination Bresci did not deny he had been designated to assassinate King Humbert. It is now believed the crime was arranged in Paterson, N. J.

A man named Salutoro Quintavilla, who returned from the United States with Bresci and accompanied him to the anarchists meeting in Paris, has been arrested on the Island of Elba. The police found on him letters and photographs of anarchists. Anton Lanner, who accompanied Bresci from the United States, has also been arrested in Ivrea. In consequence of these arrests the belief in the existence of the plot is increasing.

Bresci's brother, who is a lieutenant in the Italian army, stigmatizes the crime as the most cowardly act of the century. He had no news of his brother for a long time and thought he was still in the United States.

Parliament has been summoned to meet Aug. 6.

It is stated Queen Margherita will retire to Streia to live with her mother.

The clergy of Monza and throughout Italy held memorial services today.

Great exeitement is reported at Milan. Troops are in readiness at their barracks to prevent any disturbance and a score of prominent anarchists have been arrested. Police are active and other arrests are expected.

NO WAY TO PUNISH.

Our Treaty With Italy Not Sufficient to Reach Anarchist Conspirators.

Washington, Aug. 1.—There is little that the United States can do in the way of aiding the Italian government in prosecuting those engaged in the conspiracy which resulted in the assassination of King Humbert if it should be proved that the conspiracy was entered into in America.

Officials of the state department and the department of justice say that all the extradition treaties between the United States and other countries provide that persons charged with political crimes shall not be surrendered for trial. As a general rule of international law the killing of a ruler or an attempt against the life of a ruler is a political crime There is no such provision in the treaty between the United States and Italy.

It would, therefore, be impossible to grant a demand from the government of Italy for the extradition of any person in the United States who may have conspired with the murderer of King Humbert. It would also be impossible for such persons to be punished under Federal or state laws for conspiring to commit a political crime in a foreign country.

It would be practically impossible for the United States to surrender to the Italian government as a matter of courtesy any of the alleged conspirators, as if the attempt should be made they would doubtless apply to the courts for writs of habeas corpus.

TOWNE'S WITHDRAWAL.

He Says He Will Mot Open His Mouth Until the Proper Time.

Chicago, Aug. 1.—Charles A. Towne, the Populist candidate for vice president, arrived in Chicago from Lincoln just before noon today. When asked what determination he had arrived at concerning the withdrawal from the Populist ticket, Mr. Towne said: "On that subject I will not open my mouth until the proper time comes."

He stated that he expected to leave the city tomorrow night and proceed to Colfax, Ia., where he will speak on Friday and will reach his home at Duluth on Sunday.

Bryan and Stevenson will arrive here on next Tuesday enroute to the Indianapolis notification meeting which takes place on Wednesday. Prior to that meeting neither candidate will make any political speeches either long or short.

On arriva' here Bryan will be met at the station by a delegation of German voters and escorted to the Sherman House, where Bryan and Stevenson will hold a reception from 10 o'clock until noon. At 1:30 p. m., they will take a special train for Indianapolis, accompanied by officers of the national campaign committee and such members of the notification committee as may be here and a large delegation of prominent Democrats.

Income Tax Not Omitted.

Lincoln, Aug. 1.—W. J. Bryan says he will not discuss the income tax in his notification speech, but would deal with the subject in his letter of acceptance. He said he regards the reaffirmation of the Chicago platform as an endorsement of the income tax principle.

Populists of Kentucky.

Louisville, Aug. 1.—The state convention of the Peoples Party of Kentucky was called to order this morning with the largest attendance ever seen at a Populist gathering in Kentucky. There is no question as to the platform and as outlined it was unanimous adopted. It opposes the Goebel election law and demands direct legislation, these two plunks composing the main features.

A. H. Cardin of Crittenden county was nominated for governor.
